40+ sessions just added

Choose from over 40 expert-led sessions on the latest QuickBooks tools and industry trends designed to help grow your business. Plus, earn up to 10 CPE credits.* Check out featured sessions below to start planning your agenda.

QuickBooks Online: level up your CAS

Kristen Nies Ciraldo, founder and owner of the Friday Guide & Leading Lady Machine Works, will walk you through an approach to using QuickBooks that lets you switch between operational and tax reporting. Learn how to generate insights and build operational reporting strategies with QuickBooks.

Save time and money with automation

Heather Satterley, founder and CEO of Satterley Training & Consulting, LLC, will explain best practices for mapping existing and future workflows using no-code platforms. Learn how simple automation tools can help save your clients and you time and money.

Building your CEO mindset

Learn the 4 essential components of a CEO mindset from Mariette Martinez, founder of MasterYourBooks. She'll help you create an action plan for your dream business model—whether you're at the beginning stages or you need help structuring for sustainable growth and profitability.

The 10-step process to landing top talent

Building the right team doesn't need to be hard—but you do need the right hiring process in place. Hear from Ryan Lazanis, founder of Future Firm, on how to land top talent to grow your business.

Subscription-based business models for accounting firms

Ron Baker, founder of VeraSage Institute, will dive into the fundamentals of subscription-based pricing models and will help you understand how to rework your service offerings to support premium pricing.
